Subject: Division Directive to Amend NOI or Reclaim, Geneva Rock Products, Inc., South Hansen/Point of the Mountain Mine, M/035/0026, Salt Lake County, Utah

Dear Mr. Sumsion:

Per a telephone conversation between you and Lynn Kunzler on Friday, December 18, 2015, the Division of Oil, Gas and Mining issues the following directive to address permit deficiencies identified in the Notice of Intention to Commence Large Mining Operations (Notice) for the Point of the Mountain quarry:

By January 15, 2016, you are hereby directed to:

- Amend the Notice to include the area subject to cessation order MC-2015-60-03 as part of the bonded disturbed area. If this area is reclaimed, it should be noted as reclaimed on appropriate maps and in the text. The acreage of this area needs to be specifically identified.
- The Division acknowledges that you have already provided the reclamation surety for this area.
- Failure to provide the amendment as directed may result in enforcement action.

Please contact me at 801-538-5261 or Leslie Heppler at 801-538-5257 if you have questions or concerns regarding this requirement. Thank you for your help in completing this very important regulatory requirement.

Sincerely,

Paul B. Baker

Minerals Program Manager
